

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my support for the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

There is no hard evidence that cell phone use would in any way interfere with navigational instruments. The introduction of cell phone use in the cabin would allow contact with people on the ground and eliminate much inconvenience to passengers. coordinate a plan of action more effectively.

Please revise the rules in effect prohibitibg cell phone use.

Sincerely,

Hector Duke
